

Hill View School Career-Related Learning Programme

Career-related learning at Hill View School is designed as a spiral curriculum which aims to progressively develop skills, knowledge and understanding during a student's time with us. The curriculum is based upon the CDI Career Development Framework for Primary ([CDI 124-Framework-Handbook for schools-v5.pdf](#)) and Secondary ([CDI 86-Framework-Guidance in Secondary Schools-webFINAL.pdf](#)) Schools, supported by resources from Talentino's SEND Careers programme, with six key learning aims: to grow throughout life, explore possibilities, manage their career, create opportunities, balance life and work and see the big picture.

We list below examples of some of the experiences and opportunities on offer as part of this programme.

Key Stage 1 and 2	Key Stage 3	Key Stage 4
<p><u>Guest speakers and activities including:</u></p> <ul style="list-style-type: none"> - World Book Day – visiting speakers reading stories and talking about their careers - NHS 'Teddy hospital' hands on event - Online live lessons, including (but not limited to): author talks, artist events <p><u>Class-based learning, including:</u></p> <ul style="list-style-type: none"> - Role play and primary play - Discussion of parent/carer jobs - Offsite visits - Classroom based work experience/student responsibilities - Careers specific story books and storytelling 	<p><u>Guest speakers and activities including (but not limited to):</u></p> <ul style="list-style-type: none"> - World Book Day – visiting speakers reading stories and talking about their careers - Introduction to Supported Internships led by an employer and/or provider - Apprenticeship talks by providers and employers - Working with Tesco – hands-on workshop, talks and visits - Sports-based experiences, including those focussed on football, gymnastics and athletics (both on and off site) - 'Meet the Scientist' learning events, including Lightyear Science labs - Links to FE including University of the West of England (UWE) Minecraft engineering lab event <p><u>Class-based learning, including:</u></p> <ul style="list-style-type: none"> - Use of web-based career resources such as: CareerPilot and 'What's your strength?' activities - Discussion of and referral to local, regional and national labour market information <p>School and classroom-based work experience.
